REPORT

BY THE

DIRECTORS OF THE BANK OF BENGAL,

FOR THE HALF-YEAR ENDING 30TH JUNE 1864.

THE period that has elapsed since the Directors last had the pleasure of addressing the Proprietors, has been marked by a gradual but great improvement in the Money Market. Towards the end of January, the great monetary pressure began to abate. Silver commenced to flow in in large amounts, and by the end of February, the extreme pressure was at an end.

The demand for accommodation having continued steady during the first quarter of the current year, the Directors did not feel justified in making any reduction in the rates of interest and discount till April. At the same time, they met the improved state of the Market for Government Securities by narrowing the margin on deposits for loans.

As the amount of the Bank's Capital was proved, during the severe financial crisis already referred to, to be quite inadequate to the wants of the public ; and, as the Branches, recently established, have opened a wide field for the profitable employment of the Bank's funds, the Directors, by Notification, dated the 12th of March last, called for an addition to the Capital of Rupees one crore, ten lacs, nine thousand and ninety-one. The latest date of subscription is the 15th August, and the amount subscribed up to the 30th June was Rupees 77,31,449-15-2.

The Authorities at Patna not being able longer to afford office accommodation to the Patna Branch, the Directors have secured a very suitable property for the Agency at a cost of Rupees 20,000.

The amount of Securities held in the Agency Department of the Bank, on 30th June, was Rupees 7,82,52,702-14-4, and the profits of this particular Department for the half-year Rupees 18,469-4-10.

The Government having established Circles of Issue at Allahabad, Central India, and the Punjab, to be under the exclusive control of their own Officers ; the Bank has been relieved from the obligation to pay and satisfy, on demand, to the holders, the amount of all Government Currency Notes of the Circle of Calcutta, so far as their Agencies at Benares and Mirzapore are concerned ; these two Stations having been included in the Allahabad Circle.

The profits at Head Office and Branches, for the half-year, after deducting the expense of Establishment, and other incidental charges, and providing for payment of interest on New Stock, and the Income Tax, amount to Rupees 12,07,219-5-0, which is equal to a dividend of Rupees 2-15-5½ per cent. The Directors, however, bearing in mind the expediency of strengthening the Reserve Fund, have declared a Dividend at the rate of only 20 per cent. per annum, upon the paid-up Capital of Rupees 1,00,90,909 ; and, after writing off Rupees 24 265-10-9 to doubtful debts, have carried the surplus to the credit of Reserve Fund, in addition to the sum of Rupees 1,89,015 arising from re-valuation of the Bank's investments in Government Securities at present improved prices. The Directors have now the satisfaction of stating that, although the Reserve Fund had been seriously encroached upon at the close of the last half-year, by the valuation of the Bank's investment in Government Securities at the then ruling rates, it has now been nearly restored to the figure at which it stood on 30th June 1863.

For details connected with the accounts, the Directors refer the Proprietors to the annexed Statements.

Statement of the Affairs of the Bank of Bengal for the Half-year ending 30th June 1864.

## BANK OF BENGAL,

12TH MARCH 1864.

### NOTIFICATION.

It is hereby notified that as the present Capital of the Bank is insufficient to meet its requirements, in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined, under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from one crore, nine lacs, ninety thousand, nine hundred and nine Rupees, to two crores and twenty lacs, by the issue of new Shares or consolidated Stock under the following conditions :—

1st.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will, in like manner, be entitled to an equivalent amount of new Stock at par.

2nd.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3rd.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per Cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per Cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4th.—The transfer Books will be closed from the 16th to the 31st of August 1864 inclusive. All Shares or Stock previously subscribed for, but on which the full amount of Capital shall not be paid by the last mentioned date, will lapse to the Bank and will be at the disposal of the Directors as provided in Clause 2.

By Order of the Directors,

C. N. COOKE,
